The priority of this program is to retrofit high water use areas of a landscapes, however, indoor water conservation should also be addressed. If a home does not already have either a low-volume toilet or high- efficiency clothes washer (most are front loading), then ONE of these appliance must be installed as part of the Zero In Loan. The cost of the appliances may be included in this loan or maybe be paid for separately.

Indoor Water Conservation: (For a complete listing of eligible appliances visit BoulderSavesWater.net)
